

Fall 2019 CE Course Assessment

Default Question Block

The goal of this survey is to better understand the impact that participation in Community Engagement (CE) designated courses has on students. You are asked to participate because of your involvement in a CE class over the past semester, supported by the Center for Leadership and Community Engagement at Rollins.

The questionnaire should take approximately 10 minutes to complete. Taking part in this study is completely voluntary and anonymous. Although you may skip questions, and/or can withdraw at any time, only completed surveys will provide usable data. If you decline to participate, it will not affect your standing in the class/program. Data collected from this survey will be used for departmental, institutional, and grant reporting as well as by faculty and staff for scholarship/research endeavors.

Consent Statement:

I understand that by completing this survey I have voluntarily consented to participate in this data collection and that my answers to the survey questions will be used for various reporting needs by the Center for Leadership & Community Engagement (CLCE) and all connected parties (faculty, staff, etc.) as outlined above.

If you have questions or concerns about the survey, feel free to contact Courtney Howell (cchowell@rollins.edu) from the Center for Leadership & Community Engagement.
